# Thank you!

As a charity we understand how difficult 2020 has been for a lot of local organisations. Without your amazing support we could not keep our stunning estate open.

This year we are illuminating Ushaw with an aim to make Christmas a little bit brighter for everyone.

Not many positives have come from 2020. But one thing that has evolved is the sense of community spirit surrounding Ushaw Historic House.

We have welcomed thousands of visitors this year. We have become a hugely popular destination for families young and old. For people searching for a safe space to exercise and walk their dogs. For friends to meet outside for a lovely (socially distanced) cuppa.

Regardless of the purpose of your visit.  
Your support is vital and very much appreciated.

To say thank you to the local community this Christmas we are raising funds for Solan Connor Fawcett Family Cancer Trust a local charity that provides a crucial service throughout County Durham & Darlington.

Thank you and Good Luck!
